

Meeting of the English Speaking Working Group (ESWG) of the International Society of Forensic Genetics (ISFG) 8 – 11 September 2010, in Stockholm, Sweden

On behalf of the English Speaking Working Group my colleagues and I wish you all very welcome to the ESWG meeting in Stockholm. The meeting will take place in the centre of Stockholm city, close to the water and the Old Town. Stockholm was built on a large number of islands where lake Mälaren meets the Baltic Sea. As the capital of Sweden, Stockholm has an international atmosphere but it is still easy to walk around.

Enclosed please find the preliminary program for the meeting. The aim of the meeting is to give basic information in new areas in forensic genetics, to focus upon lessons learned and to give time for scientific discussions and reflections.

Call for papers

The program will include scientific overviews, oral presentations and time for discussions. You are invited to present your data at the meeting under the topics in the preliminary program. Send your contribution as early as possible but not later than April 30th 2010.

Abstract submission

Preferably also summarize your data in an abstract and send it as a pdf-file according to the guidelines to ESWG2010@rmv.se not later than April 30th 2010.

Registration

Please make your registration as early as possible but not later than May 31st 2010 by sending the registration form to ESWG2010@rmv.se.

Byline: Yanan Li – Stockholm Visitors Board
