TOP 1

Protocol Nr. 85/1 of the meeting of the Board in Bern on
25th/26th April 1985

This protocol is adopted unanimously.

TOP 2

11th International Congress in Copenhagen

Dr. K. Henningsen gives the following last informations:

- The number of active participants is around 220.
- The budget remains basically unchanged as compared with the version distributed on the occasion of the Board meeting in Bern. The banquet will probably end up with a deficit of roughly 30'000 DKR.

- Only 80 commercial firms will participate in the industrial exhibition; an income of roughly 60'000 DKR is expected from the industrial exhibition.

Prof. Brinkmann then informs that all members of the Board have agreed by phone that the proceedings of this congress shall be printed by the "Springer Verlag". This will allow a broad distribution of the volumes. The Society will need 800 books for own purposes, representing a sum of DM 20'000.--. One problem is that the editor will probably not be able to use the original manuscripts for reproduction. In that case the texts will have to be retyped (on special forms). Prof. Brinkmann offers to take care of the major part of this retyping; Prof. Bütler will also participate in this task. It is foreseen to offer an indemnity to the secretaries involved in this business. The Board agrees with this procedure.

TOP 3

General Assembly of 8th August 1985

Details of the agenda are re-discussed and the following decisions are taken:

- TOP 5.2 (vote by letter) shall be dealt with before TOP 5.1 (name of the Society).
- The Board will support the formation of a German speaking working group, mainly for political reasons. Some of the members of the Board feel that such a working group is in fact unnecessary.
- After an extended discussion the final proposal of the Board for the election is as follows:
 - for president: Prof. R. Bütler, Bern
 - for secretary: Prof. W. Mayr, Vienna
 - for the representative of the working groups: Dr. P. Lincoln, London
- As to the place and the president for the next International Congress (1987) the Board will inform the general assembly about the following three offers: Prof. Mayr, Vienna; Dr. Polesky, Minneapolis; Prof. Matsumoto, Kyoto (cp. protocol Nr. 85/1).

TOP 4

Business of the president

There is no special business of the president to be dealt with.

TOP 5

Business of the secretary

The Board decides to accept the following two applicants as new members:

BERRA Jorge Luis, Buenos Aires, Argentina
HESSE Ralph, Dr. med., D-8900 Augsburg

TOP 6

Business of the other members of the Board

6.1. Business of the treasurer

Prof. Brinkmann distributes a document which will serve as a basis for the report to be given to the general assembly of 8th August (annex 1). The Board takes note with satisfaction that the financial situation of the Society is still very good.

6.2. Business of the representative of the working groups

Dr. Lincoln proposes to give in future more details regarding the conditions for application for the scientific prize. He feels that applicants should have more information especially about the quality requirements regarding this prize. The Board agrees with this proposal.

TOP 7

Date, place and main topics for the next meeting of the Board

Date: Not yet decided upon, preferably in mid-November 1985.

Place: Amsterdam, according to a proposal of Prof. Engelfriet.

The exact place will be indicated later.

Main topic: Minutes of the general assembly in Copenhagen

It is furthermore decided that the elected members of the next Board shall be invited to attend this meeting.
